CARDBOARD PACK V1.0
DOCUMENTATION

This pack contains an assortment of cardboard box alphas, models, and decals to spread around your scenes. Fully prefabbed and ready to use in Unity!

PLEASE NOTE: Unity force developers to make set prefabs at 1, 1, 1 for scale and 0 for position and rotation which means SOME of the prefabbed boxes and alphas will be rotated the wrong way, due to using the unity quad for optimisation. This is a Unity issue, do checkout the demo scene for the correct orientations if you're having any troubles! Thanks!

Contact

If you have any problems or have some ideas for new features you'd be interested in, please feel free to contact me.

Thank you very much for downloading! Please be sure to leave a **5*** rating and **review** if you liked the package! Support me on:
